What is PLG Arts?

PLG Arts promotes the arts, supports local artists, and builds community through celebrating the vibrant creativity of the residents of Prospect Lefferts Gardens and surrounding Brooklyn neighborhoods.

How can PLG Arts Benefit you?

PLG Arts Events enables the members of PLG and the surrounding communities to interact with local artists while at the same time become more familiar with their neighborhood and what it has to offer both culturally and commercially.

ArtMart 11225 and ArtBid 11225

ArtMart 11225 is an annual outdoor arts and crafts market on Lincoln Road sponsored by PLG Arts, PLUS and local vendors. Each artist registers for a space to sell his or her work.

ArtBid 11225 is a silent auction event, where works donated by local artists are sold in a silent auction. The artists are able to set reserve and minimum bids, and may opt to receive 25% of the selling price.

PLG Arts Jazz at the Inkwell

PLG Arts Jazz at the Inkwell provides a local performance opportunity for neighborhood musicians and also offers the neighborhood a local venue to hear their musician neighbors perform. It fosters a sense of community as people in the arts--performers and audience--get to know one another, and presents music as an active force for neighborhood spirit.

PLG Arts Summer Theater

The PLG Arts Summer Theater Project is an annual theatrical production performed free to the public in Prospect Park. Accessible to children, families and adults it brings live theater to our community and creates an opportunity for local professional actors, directors and theatrical artists to collaborate and share their work right in the neighborhood.

What's next?

Our next project is to create a business plan, which will make our dream of creating a local neighborhood Arts Center a reality in the near future. With your support, we will work to create this much-needed resource for our artists, our children, ourselves.
